Grievance, Sausage Dept.

Quite some time ago we had a incident where part of the gang and one of the youngest members, Ed. Machack worked a couple hours overtime. Maurice Jay and Miles Lebera were left out so they complained. Mike Fitcher at that time said he would see to it that they would get the same. Last week we had the same story again. The sausage was there but these two were left out again. Although Ed. Machack was on vacation at this time a week before with would be Aug. 11 to 26 the youngest member Ed. Machack received two hours more than the whole gang itself. We feel this practice of unequal distribution of hours in the curing room should be look into and corrected immediately.
