Denver, colorado

Nov. 18

My dear Mama:

I had used this pamphlet to mark my place in a longer book I was reading. When I opened the book this evening to read I thought I would take a look at the pamphlet just to see what it was like. The result was that I got so interested that I read it through. It may interest you or Dad or someone else at home, so I send it along

I am wondering how you & Aunt Fanny are getting along through all the was + down of life it is good to remember That it is only through many tribulations that one enters into the Kingdom of Heaven. To be a member of the Church as Fr. Lord describes it in this little pamphlet, is a wonderful thing. Please give my love Dad, Jim & Bob & to all the others See, Ruth Nettie & Franny. Our weather here has been a little cooler lately with the papers predicting Snow. There is snow on the mountains but none where we are
With love
John
