## TO A CHAMPION TEAM

For the fourth time in five years, a determined squad of basketball players wearing the blue of Creighton University has swept through a season of North Central basketball to a championship. The victory over North Dakota University last Friday night at Grand Forks practically cinched the title for the Bluejays, for it was the second defeat handed their closest rival, the Flickertails and by the same team. Saturday night an unstopper team descended on the North Dakota Aggies at Fargo and made the championship a mathematical certainty. The two North Dakota teams were the most persistent opponents of the Blues in the title race. Both gave the Schabinger-coached squad hard nerve racking battles when in Omaha, and both put up the best possible brand of basketball in the return games, playing the game right and bending every effort to keep Creighton out of the title. The double victory was, therefore doubly sweet, both by virtue of double defeats over plucky, determined teams, and because the two games mean that once more the Bluejays are at the top of the North Central loop. Coaches Leonard Salwaechter and Letich are branny, resourceful coaches and their charges play heads up ball, worthy of the best efforts of any team. It is therefore to the credit of our own Coach Schabinger and his fighting troop of hard court artists that they refuse to be second best to any foe in the conference, take all the twists and turns of a vicarious season with equal equanimity, and subdue all loop teams in the order in which they are played. A position of recognized superiority, crowned, or uncrowned, is not to be envied from the viewpoint of the psychology of the game. The various flips of fate cast up much mental anguish for a team when they may make one false step and lose their topmost position. A standing such as Creighton has held in the conference means also that every North Central team primes and points for the coming game or games with the Bluejays. But when a team meets the best of a respected lot of opponents, and beats them in battles of brains, psychology and playing ability, then indeed is that team worthy of all the admiration that a student body can give. To Coach Arthur Schabinger and his squad of North Central Conference champions, we offer our undiluted admiration, our feeble praise and our sincere thanks.

## STUDENT SUICIDES

The class of elementary English at the University of California recently wrote themes on "Why I Do Not Commit Suicide," Almost unanimously the answer was "Because I am not crazy."

But student suicides are not to be dismissed so lightly. The newspapers carried a long story last Sunday which was headed "College Opinion Denies Schooling Causes Suicides." With each new issue of the daily paper, a new name is brought before the public in connection with a new explanation for the acts of self-destruction. As newspaper men say, the subject is "hot," and furnishes an excellent vehicle to carry one into headlines. But the sad part of it is that of all the explanations offered, hardly any are worthy of a second thought. In other words, they are good "copy" but poor reasons.

And now come the college editors with what is designated "a symposium of student opinion. Frank Peobody, Jr., editor of the Daily Princetonian, attributes the acts to under education, rather than to education, and to the fact that "we acquire information but in no way of life." Walter G. Williamson, managing editor of the Daily Maroon, University of Chicago, divides college students into two classes, those possessing a social complex, or who mix in with all campus activities, and those who take no part in college work and laugh at those who do. It is this last class, he says, that become morbid, and furnish the names for the suicide roster. King Wilkin, managing editor of the Daily Californian, states that college suicide are committed for the same reason as any others, namely lack of money, frustrated desires, or other disappointments.

Which is all right, as far as it goes. The primary reason for self destruction is the lack of the spiritual in a man's life, the absence of a staff upon which to lean when the cares of student life become crushing. And this, in turn, demands the presence in the curriculum of studies calculated to impart this instruction. Lack of education means just that. It is not complete without the spiritual side taken into consideration.

"Education of the mind without training of character is fundamentally a weak education," is the way it is stated by Dr. Jabez Jackson, President elect of the Annual Congress on Medical Education, at Chicago.

These no-decisions debates are misnomers. Every one who hears the defeat has a decision, and most of them are different.

Another week of student suicides gone by, and none reported at Creighton. Looks like we will have to be content with gum-chewing.

Bowling, pool, swimming, chess, checkers, handball, tennis, track, golf, basketball, campus commenting and gum chewing. If your favorite indoor sport is not included in the program of intramural sports, it is due to an oversight. See "Bob" McGinnis, student manager, and have it listed for a try-out.

A basket ball fan was heard remark the other night: "My Creighton has some nice looking co-eds," speaking of the usherettes at the games. Thanks!

## FRATERNITY MEN PREPARING TO ATTEND PAN-HELLENIC DANCE

### KAPPA PI DELTA

Frank Heaton and James Marrin have been appointed on the committee in charge of the Pan-Hellenic cotillion. This promises to be a gala affair and should be attended by all fraternity men.

Robert Britt has been appointed on the Bluejay staff in charge of medicine and pharmacy features.

Tom Egan was initiated by the Phi Rho Sigma Fraternity last week and tells us it was a great adventure.

Our Senior Medics have all definitely arranged for their internship. In looking over the list we find that they will be scattered rather promiscuously over the United States. Roy Merkle goes to St. Louis, Missouri; Mell Robbins to Cleveland, Ohio; Frank Brown, Portland, Oregon; Walt Sullivan and Arnold Mullmann to Kansas City, Missouri.

Friends of Ralph McCabe, Arts '26, are in receipt of a recent communication from him in which he states that he is getting along nicely in his newspaper work in Washington, D. C.

Carl Mattson and Frank Heaton are establishing an enviable reputation as bridge players under the tutelage of some friends who attend Duchesne College.

Melvin Sears assumed the role of pedagogue in St. John's School recently.

A row was caused in the Senior Law class recently which might be aptly stated in the headlines: "McCarville under Cross-Examination by Prof. Gillespie uses Reverse English on New York Divorce Case".

Arnold Mullmann, president of the Senior Medic class, tells us that his class are planning on giving a dancing party this evening.

R. A. O'Connor, Senior Law student, is confronted with a serious dilemma as to which of the numerous positions offered him for his legal ability should be accepted.

### PHI CHI

The annual formal ball for the initiates, opening the spring social season for Phi Chi, was held at the Blackstone Hotel, Friday, February 18. Patrons and guests of honor included Dr. and Mrs. H. von W. Schulte, Dr. and Mrs. J. T. McDonald, Dr. and Mrs. M. C. Howard, and representatives of other Creighton fraternities.

Among the out-of-town guests were the Misses Lillian Leather and Neva Robbins, of Lincoln.

The "Midnight Owls", famous colored broadcasting orchestra, furnished the syncopation.

Brother Harry Dorwart spent the week-end in Lincoln, where he was a guest of the Chi Omega sorority at their annual winter formal.

### KAPPA PSI

Beta Nu held its annual election of officers at the last meeting on Feb. 8th. The following officers were elected: A. H. Kreizinger, Regent; C. O. Portey, Vice Regent; H. J. McDermott, Secretary; J. T. McAloon, Historian; H. L. Sass, Chaplain; E. A. Brey, Sergeant of Arms.

Arthur W. Abts, retiring Regent, was elected Grand Council Deputy, replacing Professor Benson who recently left for Park Davis, Mo.

A very successful initiation was held at the Kappa Psi house on the evening of Feb. 11. Kappa Psi takes great pleasure in announcing "the initiation of the following pledges: Hugh J. Fagan, Butte, Mont.; Edward M. Sohler, Beldon, Nebr.; Sylvester V. Conway, White Lake, S. D.; Joseph C. Ulveling, Remsen, Iowa; William A. Carson, Hastings, Nebr.

### XSI PSI PHI

The Alpha Kappa chapter of Xsi Psi Phi gave a dinner and an entertainment Feb. 1 in the Florentine room, Hotel Fontenelle, in honor of the freshman class. Talks were given

The Xsi Psi Phi has pledged all but one member of the freshman class. The men pledged are:

E. W. Grady, Stanton, Nebr.  
Joseph A. Berchtold, Santa Fe, New Mexico.  
Lawrence Lucas, Mitchell, South Dakota.  
Joseph W. Prey, Stuart, Iowa.  
Leo J. Ripp, Cedar Rapids, Iowa.  
Cleuts J. Dunn, Valley Junction, Iowa.  
Charles B. Kibbie, sophomore, Emmetsburg, Iowa.

A regular meeting was held at the Billings Auditorium, Wednesday, Feb. 16, for the installation of the new officers for the coming year.

## FACULTY MEMBERS HOLD PRE-LENTE PARTY

The pre-lenten party of the Creighton University faculty club will be held in the Union club rooms Saturday evening, February 26. Bridge, dancing and a general good time make up the program. All members of the faculty and their wives or lady friends are invited. Prof. John J. Donovan is in charge.

## CAMPUS COMMENT

To the Editor:—

Here is a clipping which might be of interest to the readers of your paper. Why couldn't we have a free-throw contest here at Creighton? Even those who have never had a basketball in their hands could compete and it would be interesting.

Y. B. S.

University of Idaho, Moscow, — Idaho women will enter a contest which will determine the world's champion basketball free throw team, it has been announced by Miss Lillian Wirt, director of physical education for women. The Idaho University contest, which will choose representatives for the international competition will be held here on Tuesday, Feb. 22.

Each girl will be allowed six consecutive shots at the basket and the seven girls who make the highest scores will constitute the official Idaho team. Their scores will be sent to Charleston, S. C., where they will be compared with those of other teams from all parts of the world. Members of these teams also will be scored individually.

This contest was started by the Charleston Y. M. C. A. several years ago. Now teams from China, Japan, Porto Rico, Virgin Island, Italy, Greece, Turkey, India, France, England, Esthonia, Switzerland, Hawaii, South America and the Philippine Islands compete each year. Practically every state in the union will send team scores to Charleston.

A statewide tournament for high school girls is under consideration for next year.

## Creighton Chemistry Prof Presents Unusual Trophy

The battered and stubbed little red pencil with which the Rev. John A. Krance, S. J., Professor of chemistry, has marked the examination papers of hundreds of students, either for good or bad, has been assigned to a new owner.

With a special speech of presentation this little red pencil was given to John Robert Henle, Arts freshman, who is the first student to write a 100% semester examination in chemistry of the thousands of students whom Father Krance has taught.

This feat, which happened last January, did not surprise those who knew Henle. The exam, all admit, was a tough one. But great things were expected from this talented freshman who has been at the head of his class all through high school.

Henle's preparatory work was done in Jesuit schools over all the country. His first year he finished at Loyola High in Los Angeles; his second and third he did at Loyola High in Chicago; and his last year he completed at Spring Hill Academy in Mobile, Alabama. During every one of these four years he not only led his classes but was awarded prizes in various branches.

It was through the Rev. W. J. Finan, S. J., Professor of Philosophy, that Henle came to Creighton. He says that he has not been disappointed. He is already prominent in oratorical and debating circles, in the Beaux Arts club and in campus affairs generally.

Asked what he liked best at C. U., he replied: "My experience in schools

throughout the country leads me to believe that the greatest thing at Creighton is the democracy of the student body. I can't emphasize that too much."

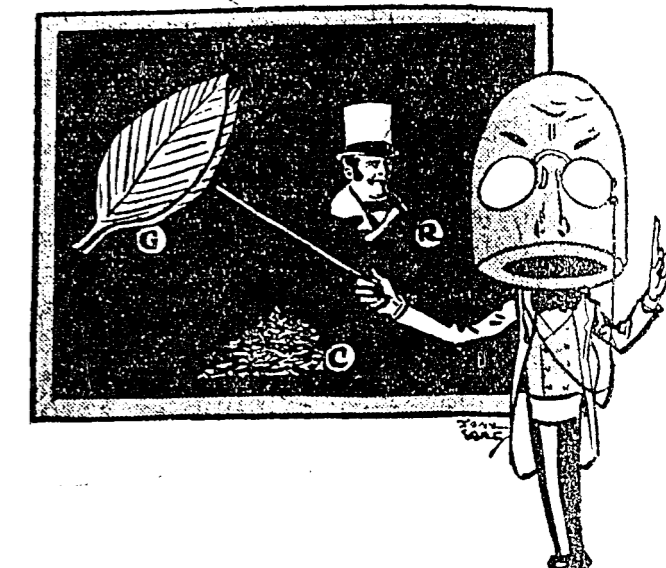

F. William Feeny, A. B. '24, received his Master of Arts degree from the University of California in February. He is at present a professor in St. Mary's College, Oakland, Calif.

## Professor Pipe's popular illustrated lecture...

You can learn far more about TOBACCO from old Prof. Pipe, than you'll get by studying every treatise ever written on it. For Prof. Pipe is the world's most eminent authority on the subject... He knows tobacco from plant to pipe!

Experiments with every known species have convinced the Prof. that the one perfect pipe tobacco is Granger Rough Cut... He points out reasons for this conclusion: (a) the Granger-grade Burley, the choicest tobacco grown; (b) the Rediscovery of Wellman's mellowing method; and (c) the Cut of the large slow-burning flakes...

Prof. Pipe proves Granger, by practical demonstration—shows how it acts under fire... You never saw tobacco burn so slow, never tasted such cool, mild mellow-ness! The first pipeful is a liberal education! You'll put your Q. B. D. and capital O. K. on G. R. C... and all your pipe problems will be solved... forever!

### UNDRED ON UNIVERSITY PAYROLL

Has 175 People Who Living at School, Beside Fathers

The University of Creighton, under the direction of Dr. Albert F. X. Esterline, who is in charge of the university's financial affairs, reveals that because of the large number of students, there are 175 people living at the university.

The 34 members of the faculty, who devote all their time to the interests of the university, are approximately 140 men and women, living through connection with the university.

Of these fifteen of these are in the several colleges, including either clerical or professional people who teach in some of the professional schools.

The teaching staffs and officials of the employees are in the registrar's office, the deans, athletic department, the office, publicity administration building, gymnasium, St. John's hall and elsewhere.

### WINS FIRST C. ESSAY CONTEST

J. Frenzer, Arts sophomore, won first prize of \$50 given by the Central System for the essay "The Place of the Railroads in the Lives of American People" now entered in the grand prize of \$100.

Emphasized the benefits of farmers, stock raisers, and miners and stock miners by his essay. The essay from each of the colleges is entered for the grand prize of \$100.

Judges are Dr. P. M. Meale, director of the Railway Economics, Washington, D. C., Samuel O. Dunn, Chicago, and James J. Maginnis, publisher of the New York Tribune, and Item. The contest returned the names of all contestants except the winner.

### AR SONG AIDS DELIVERY OF LETTER

It has been denounced as one of the modern age, but Mary Lou, a Duchesne sophomore, has received an important letter had it not for the popular song bearing her name.

She found the solution to her own home for Mary Lou Maginnis, a song, and this acquaintance led to the discovery of the letter.

### Arts Freshman Turned Down Scholarships to Attend Creighton

Elmer Ogren, freshman in the Arts College, not only turned down an appointment by Congressman W. R. Green to attend the U. S. Naval Academy at Annapolis, Md., but refused to accept a \$1000 tuition scholarship to attend Grinnell College, at Grinnell, Iowa, because he wished to attend Creighton University.

Elmer holds the highest rating in the freshman class. Upon graduating from Thomas Jefferson High School, Council Bluffs, he received a \$50 scholarship prize from the Rotary Club.

The J. C. Penney Co. has set aside a million dollar endowment to educate students at Grinnell College. The com-

pany pays the \$250 tuition for four years of the two highest scholastic standings in the state. They also pay one half of the tuition of the next four highest scholastic standings in the state. Besides the Rotary prize, Ogren received the full pay tuition scholarship to Grinnell, but he had decided to attend Creighton University as this was insufficient attraction to withdraw his ambitions of studying at Creighton.

Concerning his appointment to Annapolis he says, he appreciates the offer and considers it quite an honor, but regrets that he is not fitted to accept the nomination, hence he will remain at Creighton. His life ambition is to be an engineer.

### Dent Co-Ed Almost Gum Chew Champ

Miss Lillian M. White, dental school co-ed, found herself within a step of fame, fortune and a world's championship in what promises to become a major sport, last Wednesday.

Miss White was summoned from a class by two gentlemen who introduced themselves as a reporter and photographer from an Omaha newspaper. A mysterious telephone call had given them the information that the pride of the Dental school had stowed 92 sticks of spearmint between her maxilla and mandible.

Her classmates crowded around to congratulate her with visions of vaudeville contracts, and perhaps a modest check from the liberal Mr. Wrigley—for if he was willing to give \$25,000 to the swimmer of the Catalina channel, what would he give a champion lady gum chewer?—and what has a little water to do with chewing gum?

Everything looked rosy for our Lillian but when questioned, she finally confessed that all was a mistake and that she had never chewed 92 sticks of Mr. Wrigley's commodity, or even half that many, at least not all at one time.

### DUCESNE STUDENTS HAVE DINNER PARTY

Children of Mary and Aspirants Honor Present College Students

A large dinner party was given Monday evening, February 14, by the Children of Mary and Aspirants in honor of the resident students of Duchesne. Unique entertainment was furnished by the guests themselves because each was obliged to demonstrate her dramatic ability in some original way, as "payment" for the banquet.

The hostesses were: Winifred Shaughnessy, president, Anna-Jane Beaton, vice-president, Mary Caffrey, secretary, Martha Clarke, treasurer, Jean McGrath, Anne Madden, Irene Madden, Isabelle Doolin, Ursula Fagan and Dorothy Flynn.

Approximately twenty-five more names have been proposed for membership in this sodality, which is an international organization, but each aspirant must have the vote of every member of the faculty, as well as that of all those already received in the Children of Mary society. Those meriting the honor this year have not yet been chosen.

The College Glee Club has begun serious work on its first musical drama "The Persian Princess" which will be presented before Easter vacation. It is an operetta composed of beautiful solo and chorus parts which find their setting in the Orient.

### Director Morrow Has New System For Staging Creighton Dramatics

Fred Morrow, graduate of Northwestern University, is directing his second play for the Creighton Dramatic club. Director Morrow's initial production "The Whole Town's Talking" was a big success and it speaks well for his directing ability. Mr. Morrow has been very active in drama. He was president of the University Players Club while he attended Northwestern, and is at present head of the Dramatic department of Abraham Lincoln High school in Council Bluffs. Last year he directed "The Witch" for the Council Bluffs Drama League.

Director Morrow has initiated a new system which he hopes will be successful in Creighton Dramatics. Formerly the production business of the play was handled by one member of the drama club, but Mr. Morrow has appointed several assistants who will be of valuable assistance to the production manager. Miss Eileen Kelliher has been appointed assistant to the director, and Miss Marian Coleman will handle the business of the women's properties. Curran Fee-

man has been added to the production staff. Mr. Morrow is anxious to have a large number of students connected with the Dramatic Club in each play, so there will be a large number of students experienced with drama activities.

The North Dakota Aggies are showing up well under their new coach, Leonard Saalwaechter, who tutored Cornell to the mid-west bunting last year.

### Keeping Railway Accounts

In order to carry on its work intelligently, the management of a railroad must be fully informed at all times as to the condition and progress of the property under its control. The fact-finding and record-keeping part of the railway organization which provides this information is known as the accounting department.

This department deals with the audit of receipts and disbursements and the maintenance of records showing the financial condition, operating results, character and volume of traffic transported and other data essential to proper management. It is the duty of the accounting department to assemble records and reports for each shipment handled, passenger transported, person employed, article purchased or used and rent paid or received—in fact, for every transaction on the railroad involving money, labor, material or use of property.

The organization of a railroad accounting department varies with the mileage operated, the volume of traffic and the requirements of the management of each individual railroad. On a large system with a substantial volume of traffic, the organization will ordinarily be in charge of a vice-president or comptroller, assisted by a staff of auditors, each responsible for some one branch or bureau of the accounting activities. The sub-departments are generally organized about as follows:

1. The general accounts and statistical bureau has jurisdiction over the general books, the audit of bills for collection, the preparation of reports to stockholders and to government authorities and the provision of the statistical data generally required for the guidance of executives or for use in rate cases and the like.
- 2 and 3. The freight accounting bureau and the passenger accounting bureau are engaged in parallel lines of work, having to do with the audit of freight and passenger accounts, respectively, with investigations incident to the adjustment of under-charges and over-charges and with records as to the character and volume of traffic transported and the like.
4. The car accounting bureau audits accounts covering the use of equipment, both owned and foreign, and maintains records as to the allocation and mileage performance of the various classes of equipment.
5. The disbursement accounting bureau audits payrolls and vouchers and supervises the accounting for materials and supplies.
6. The capital expenditures bureau audits construction expenditures and other matters in a measure related to disbursement accounting.
7. The freight claims bureau investigates and approves or disapproves payments on claims made for loss of or damage to freight.
8. The station accounting bureau has jurisdiction over the accounts maintained by local station forces.

In addition to taking care of the special needs of each railroad, railway accounting in general is dictated to a material extent by accounting classifications promulgated by the Interstate Commerce Commission and by so-called mandatory and optional rules adopted by the Railway Accounting Officers' Association to facilitate settlement between carriers.

Constructive criticism and suggestions are invited. President, Illinois Central System. L. A. DOWNS,

### BEANRY STUDENTS GIVE PROGRAM AT HOSPITAL

A peppy program was presented the nurses of St. Joseph's hospital by St. John's Hall students on Valentine's Day, at the suggestion of the Rev. Francis X. Reilly, S. J., Professor of English.

William Corrigan opened the program with a vocal solo, "Am I Wasting My Time". Vergil Wolfe, pianist and tuba player offered "The World is Waiting for the Sunrise" (with variations). The third number was a cleverly constructed vaudeville stunt by George Skultety and Rhinhold Rall, composed by the latter.

A sense of seriousness then swept the beautifully decorated stage of the Nurses' home when Judge O. Herbert Hermesen heard the mock trial of Sheridan vs. Shikany. James Sheridan appeared quite serious and was so supported by the no less serious Dr. Peter Leuther who testified to extensive medical education. William Corrigan was the third witness for the Plaintiff and took a comical part. Bernard Sheridan, attorney for the defense, presented the quiet Mr. George Shikany whose testimony was supported by Albert Moore and the bashful Edward Francis Cassidy.

Judge Hermesen called for the verdict whereupon a single "aye" piped for the plaintiff, the response of which in the form of laughter and applause precluded hearing of the negative.

E. A. Beilharz and William Corrigan appeared in several vocal duets supported by a background of musical interpretation. The program was concluded by the orchestra consisting of John Schueller, violin, Mitchel Kresneck, saxophone, Arthur Roberts, percussion and Louis Rambour, piano. Dancing and a luncheon followed the program.

Robert J. Keevan acted as stage manager, and John J. Gillin, Jr., assisted in making the program a success.

# BLUEJAYS WIN CONFERENCE COURT TITLE

## TWO VICTORIES ON NORTHERN INVASION BRINGS HOME BACON

### Defeat North Dakota U. North Dakota Ags But Drop Morningside Game

#### NODAKS LOSE AGAIN

By HUGH FOGARTY.  
Fargo, N. D.—Creighton's quintet of Junior "Big Berthas" were functioning Saturday night and the result was a well-earned 25 to 21 victory for the Bluejays over the North Dakota Aggie five. The lone munge baskets of the Blue spelled defeat for the Battling Bison and clinched the conference championship for a team that was forced to fight every inch of the way to win.

Fargo natives confessed Saturday night that the builder of the Aggie gym was a Scotchman. The result was that the Blues found it extremely difficult to carry the ball through the Aggie defense on the small floor. The same was true of the Aggies and both teams resorted to long distance shots. But the Jays had a better connection and a four point victory was the result.

The game was as close as a close shave all the way. The Bison alternated with the Blue in taking the lead in the first half which ended 12 to 12. After ten minutes of play the Bison held a narrow four point lead, but at this point Brown called his charges into conference and shortly thereafter got results in the form of three clean counters to put the Blue ahead. Baskets by Miller and Hermes put the Bison to the front, but Creighton's chisleness and quick shooting knotted the score as the half ended.

Shortly after the start of the last spasm Dising replaced Brown for a short time. After his breather Brown returned his return to the game by shooting two mid-air swishers, which followed by Beha's clever short basket gave Creighton a comfortable lead. The Blue however weren't allowed to enjoy their comfort for long as Claude Miller and Hahn boosted the Bison total to 18. A free throw and a team of baskets by Louis Trautman and Brown ended the Creighton scoring, while Hermes' long one and McPherson's gift one was the best the Ags could collect.

The game was exceedingly clean for the speed at which the ball was kept traveling. Good work on the part of Referee Hilger characterized every move that tended toward anything like mob warfare and as a reward for the players' gentlemanly conduct he called but seven personal fouls.

From a long jump into North Dakota are plainly tagged from a strenuous season the Creighton Bluejays, champions of the North Central conference, succumbed before the steady attack of the former place Morningside team Monday night by the score of 25 to 21 at Sioux City.

It was a hotly battled surprise for Morningside for the Blues were heavy favorites to repeat their earlier victory over the Maroons.

However they ran into a team that has counted all season for this one contest, a team that was at the peak and striving to go.

Morningside scored after one minute of play, and thereafter in rapid succession the Maroon forwards caught his shots while Creighton was forced to resort to long shots. Fourteen minutes had passed before the Blues made their first counter, Morningside

was the best the Ags could collect.

1926 CHAMPS WIN

From a long jump into North Dakota are plainly tagged from a strenuous season the Creighton Bluejays, champions of the North Central conference, succumbed before the steady attack of the former place Morningside team Monday night by the score of 25 to 21 at Sioux City.

It was a hotly battled surprise for Morningside for the Blues were heavy favorites to repeat their earlier victory over the Maroons.

However they ran into a team that has counted all season for this one contest, a team that was at the peak and striving to go.

Morningside scored after one minute of play, and thereafter in rapid succession the Maroon forwards caught his shots while Creighton was forced to resort to long shots. Fourteen minutes had passed before the Blues made their first counter, Morningside

was the best the Ags could collect.

### ARTS COLLEGE WINS INTRAMURAL SWIM

Chiefly through the efforts of Allen and Dillon Lowell, twin brothers in the sophomore class, the Arts team placed first in the intra-mural swimming meet Saturday Feb. 19, in the gym pool. The Medics were second and Pharmacy third.

Arts College garnered 85 points, Medicine 28, Pharmacy 4 and Commerce 1. Law and Dentistry colleges had no team at the meet.

Allen Lowell was high point man with 18 points. D. Lowell second with 15, John Krupka, Medic, third with 11, and Jack Great fourth with 10.

Great was first in the fancy diving and the 50 yard free style. The Lowells divided first places in 50 yard breast stroke in butterfly fashion, Allen winning the first two and Dillon the last two.

### KEANE THRILLS K. C. A. C. RELAY FANS

#### Creighton Gets One Second Wynne Undecided as to Illinois Relays

Kansas City, Mo., Feb. 19. (By Special Correspondent.)—Captain Sas Keane, Creighton's sprinting ace, convinced several thousand fans at the Kansas City Athletic Club indoor meet here that he is the fleetest collegiate hurdler in the middle west, when he beat a field of thirty-five starters, a majority of them from schools of the Missouri Valley conference in the 80 yard low open hurdle event Saturday night.

Gallagher, of the KCAC who has seen four years of collegiate competition and two years with the KCAC was awarded first, although many of the coaches who witnessed the finish said they believed Keane won the event.

The fact that the cream of the Valley was entered and of the three who placed, Keane was the only University man, was the sole consolation offered Creighton supporters after the meet.

Keane and Gallagher ran almost a dead heat to the finish which thrilled the eight thousand track fans who witnessed the classic of the mid-west. 500 star trackers of the leading mid-western colleges and universities competed.

In the 50 yard dash Keane and Wynne failed to qualify for the finals. Keane went through to the semi-finals before being eliminated. Wynne failed to get by the first heat of the preliminaries. There were 40 starters in this event. In Keane's first heat the qualifiers turned in the best time of the day.

The loss of Creighton's relay sprinter from Omaha Center High, a former Nebraska State High School, last year who was former head competitor in KCAC meet in relay team was held back. The team composed of Wynne, Hugh Dean, and Keane failed to place in their triangular race in the mile relay won by Drake and Oklahoma A. and M. from among Missouri Valley Conference members.

Coach Clem White was undecided whether to use his track men would compete in the Illinois Relays at Urbana this week end. The probability is however that Captain Sas Keane will be sent to these games. Solomon, Wynne and Dean may make up the squad. The events which Creighton will enter are 75 yard dash, 75 yard low hurdle, 100 yard dash, and relays 4 to 8 and including the mile.

### M. V. LEADERS BOW TO BLUEJAY CAGERS

#### Missouri Beaten in Great Contest by N. C. C. Champs

Just to prove that David was not the only lightweight to knock out a heavy-weight, Creighton's dazzling man-of-war battered into submission the highly-touted University of Missouri cagers, brawny, colossal, sky-scraping giants, last Tuesday, 37 to 30. Incidentally, Coach Arthur A. Schabinger conclusively proved to the world just what caliber of basket ball is played on the Hilltop, as Missouri is the undisputed leader of the Missouri Valley circuit.

The men from the "show-us" state, nicknamed the Tigers, demonstrated that they fully merited their sobriquet. However, the Bluejays were going great guns that night and led their opponents practically all the time. The Bengals were the fifth Valley quintet to take the count, an overflowing crowd jamming the ramps to witness the slaughter.

Coach Edward of the Tigers in all probability underestimated his fees, for he started his second-stringers. Accordingly, the alert Bluejays did not let any grass sprout under their insteps, piling up a 7 to 1 lead in short order.

The Bengals then started creeping up. A fiery assault belted them into a one-point lead. Then Hamilton's bull's-eye boosted their leeway to three. This portion of the melee had the earmarks of another tester-tetter contest.

Captain Al Brown swished two spectacular goals through the netting to enable the Jays to again forge into the lead. However, Joyner's finger nullified this spree, the Missourians setting the pace for the hoop game. Creighton's comfortable 21 to 16 lead at the midway post.

The Tiger mentor sent his best into the fray to start the second half. But the Bluejays were not to be headed. Instead of giving ground, they shot further into the lead. At the end of

the third canto the Hilltoppers were 33 to 19 in the van.

The final quarter proved to be a repetition of the preceding.

The Omaha catapult continued its uncanny attack until with three minutes to go the tally stood 37 to 20. As the tussle was ice, Mentor Schabie substituted right and left. Against the second-stringers the Tigers rallied mightily, but the final gun cut them short.

Jack Connolly played top-notch ball to top the scorers with 11 pearlys. L. Trautman with 9 and Beha with 8 followed closely behind.

However, the entire Creighton team played heads-up ball. Their snappy, short-passing attack, fiery spirit, and stellar floor work was the best seen

for a long time.
