Dear Sista Mary Joseph:

You are an angel. It was so thoughtful of you to call my brother Joe, and so generous to write such a lovely letter. I won't say anything about your holy prayers, except that they were so efficacious that I am now home, completely cured and back in my beloved classroom! — And of course it was noble of

P.S. I shall be very sorry for you on the 17th of October
feast of your patron and model St. Magdalen Mary

John to inform you. — Although not well, he came out
to see me at the hospital to encourage me. And he called
up every day. He is a wonderful saint. Lots of old
people — even priests — get grumpy and unpleasant as they
grow old. The opposite is true of John. He has become the
sweetest, happiest member of our Community — and, you wouldn't believe it,
he has become quite talkative. We all flock around him
during recreation. He has so much to say that is fine and important.
I am very proud to be his friend.

Dear child of God, you must pray that I too become holy or
at least less wicked. You are so close to God that He listens to all
your petitions. I count on you dear P.S. — Hello to St. Ann Marie. I'll see you at Xmas
It is my dear father, you must be my dearest daughter — Henri — you are!
