GOD SEND GRACE

Revised to

Dear Sister Mary Joseph:

You are an angel. It was so thoughtful of you to call my brother Joe, and so generous to write such a lovely letter. I won't say any thing about your holy prayers, except that they were so efficacious that I am now home, completely cured and back in my beloved classroom. And of course it was noble of

John to inform you.- Although not well, he came out to see me at the hospital to encourage me. And he called up every day - He is a wonderful saint. Lots of old people - even Jesuits - get grumpy and unpleasant as they grow old. The opposite in true of John. He has become the sweetest, happiest member of our Community and, you wouldn't believe it he has become quite talkative. We all flock around him seeking recreation. He has so much to say that is fine and important I am very glad to be his friend?

Dear child of God, you must pray that I too become holy or at least less wicked. You are so close to God that He listens to all your petition. Hello to St. Ann Marie. I'll see you at Xmass If I am your dearest father, you must be my

Henri
dearest daughter

P.S. I shall offer my mass for you on the 17th of October feast of your patroness and model St. Margerita Mary.
