

To Omaha Neb.

Sept 10 1919

My Own Dear Girl,

You asked me about

Speeds Girl - well I have

seen her. She was here just

about the same time you were

Things have been a little quiet

the last 2 or 3 days been a little

to hot I guess. But at that

I have plenty of work in sight

which I think I will get

just as soon as it gets

a little cooler

I have nothing to kick about

because I did more than I

expected to do so I feel

all right

I am sorry I did not write

Sooner but I just could not
because it was so awful warm.
I did not feel like doing any thing

Monday night Speed and I
went to the gaudy. Saw a good
show we laughed all the way
through it, I am sitting here
just waiting for some thing to
do, I fixed Fuzz up yesterday
put some new teeth in the front
of his mouth. And believe me
he looks some what better.

Mr. Many Fuzz's father was
telling me that he tryed to
tell Fuzz that it was poor
work, and Fuzz said it was
the best job in town,
All the money I have taken in this

(31

Week so far is \$31. ~~at~~ of. Well
there is several more days left
and I have a bridge I expect
to put in about Saturday which
will net ~~me~~ me about 30

So Dooley can come and see
you every week end. Gee but
that will be great for you
wont it dear.

Honey I just long for you
and now that I know I can't
see you makes me want
you just that much more
as the saying is absence
makes the heart grow fonder
and I guess that is about
~~right~~ right, I forgot how
to spell it

Hope I make Lots of money so
that Some day I can come out
and see you, I ordered a
nitrous Oxide & Oxygen machine
the other day - to be delivered
some time in November, \$231⁰⁰

I am going in for all the
attractions I can get.

Well Darling I will write
you again to morrow.

Good Bye Heaps of

Love Kisses -

Your
Sweetheart

Elmer
