My dear Papa:

Tee has come and gone and perhaps is home again by this time. He spent one afternoon and evening out here on Sat., Wim also being out. Sunday morning he was at St. Elizabeth's and that afternoon at the Convent where he also had lunch. He left Sunday evening for Milwaukee and must have been tired out when he got there. It was good to see him and good of him to make the long trip when he is so busy, I hope all are well at home.

Please give my love to each one. Wim is on his way out to-day to celebrate his birthday.

Love

John
