

V. T. J. Tues. evening.

Dearest Buddy,

John came in this afternoon
& we had such a nice visit
with him. He looks fine & is
still busy with their drive.
We had a pretty Easter but I
cannot help thinking of you
& the other dear ones, Aunt W.
as well as all of Ted's family. I
am glad Wini will be near
for a while anyhow. It will
be a real pleasure for him I am
sure. I have been thinking
you & we are probably at Mass
& receiving H. C. about the same
time. Our bus begins at 20 min. of
7 & we go to Com. at a little after
7. You must have practically
no time to yourself, especially
if you go out for dinner on
Sunday but it probably helps
you to miss the dear ones less.
Do you find your work very
fatiguing? The hours are too
long, I wish you could cut
them down. Eat all you can
because you need a lot when
you are so confined. We all
love & will write more soon
Sincerely
Gustie.
