New Route Added to the Creighton Shuttle Service

Parking spaces near campus have been lost as a result of the construction of two new parking garages, one near the Law School and the other at 24th and Burt streets. New temporary parking lots have been added on 19th Street and 21st and Cuming streets. This fall a new shuttle route has been added to pickup people who need to park in the new temporary lots. This shuttle service will be in place as long as the new parking garages are under construction. Route details can be viewed at: www.creighton.edu/shuttle/ (click on Shuttle Info tab). For any questions or concerns, contact Mark Simanek at msimanek@creighton.edu or Mike Willey at mwilley@creighton.edu.
