THE LION AND THE MOUSE

AND OTHER FABLES

MY BOOK OF

THE LION

AND THE MOUSE

AND OTHER FABLES

The stories in this book are about both wise and foolish animals. Even the big, strong Lion, the King of the Jungle, had a lesson to learn from the tiny Mouse. And as for the cheeky young Hare in another story, why he certainly had to eat his own words, or should we say "whiskers".

The stories have been specially
retold by JANE CARRUTH

The exciting pictures are by *Nardini*
