Dear Denny:

I don't think our diocese -- or for that matter our CIC -- has really followed this matter through thoroughly. The NCCIJ has just set up a big-deal program to implement these contract provisions, and I think would be of much more help than we could be. I enclose a paragraph or two from a recent NCCIJ mailing. Presume you know their address: 21 W. Superior Street, Chicago.

Good luck, best regards,

P.S. Is there any chance you could do a piece about Father Markoe for us? The data you give tell the story, but we couldn't do a really good job of conveying him just from the facts and figures. If you don't want to tackle it, can you recommend a good feature writer? What about Bob Reilly at Creighton?
