Dear Father Reinert:

On Saturday morning

Mr. Otto Swanson & I spent two hours in the governor's Office at Lincoln plainning The work of the State Human Relation's Committee & designating sub-committee's.

One of these sub-commettees is to in vestigate & report on -discrimination in the educational intitutions of the State be cause of race, color or creed.

Both The Governor & Mr. Swanson urged the chairmanship of this sub-committee. upon me. In suite of my reluctance to accept, an explanation of my full teaching schedule, it seemed that no one else would do. That is the way the matter stands at present. My acceptance does not fit in with your directive to spend a minimum amount of time & a minumum expense at this work. It would also be a tremendous relief to me not to accekf this possibility.

Please let me know what you advise.-

Sincerely in Christ
