NOTICE.

THIS translation was first published in September, 1841, in two royal octavo volumes, with the ingenious and truly splendid illustrations of J. J. GRANDVILLE. The translator felt sure that his work, when bound up with such wonderful creations of the pencil, could not fail to find purchasers; and in this he has not been disappointed. But the translation itself has been received, on both sides of the Atlantic, with a favor that was altogether unexpected. Its publication in a more economical form has been called for; and, consequently, it is now offered to the public on a much smaller page, and at *one tenth* of the price. The present edition is adorned with a number of vignettes, engraved by MR. A. HARTWELL, from designs in the larger work.

October, 1842.
