My dear Parick:

The picture of Harry & myself. I'm glad you liked it. It was taken by one of the Community at random & so was not posed. If you still have it Jim could make some perfect copies of it. I'd like a few more myself but had quite a job getting these from the one who took it, an odd ball.

Anyway, Harry was a delightful guy to
meet, very human & natural. We hit
it off fine together. Am glad you are still
feeling up to par & able to enjoy the strange
antics of the human race. My consolation
is to know that the Lord is at work through
it all & will prevail in the end. Keep up
the old spirit, Berick & remember I love you
& the family in all my Masses & prayers.
Ever yours, John
