My Dear Lover Elmer:

I am not feeling well as the days come and go. I do not think there is any thing in this world that I would like to live for. But there is one thing that I would like to say to you that my bold pure heart is for you as long as the sun shines. But if you know how I loved you I think you and I would make a happy home. When I go to sleep at nights. But I can not sleep good at all for in my dreams I see your sweet smiling face. And when I awake I think you are by my side

Then I just lay for hours at a time  
and cry. I would like to tell you  
my name. But have not got the  
heart. The night you told me  
you did not love me it was  
all most to much for me.  
I will see you in three or four  
weeks and see how I stand.  
So will close with all the  
love I have.

From yours  
Miss.
