My dear Mama:

I had used this pamphlet to mark my place in a larger book I was reading. When I opened the book this evening to read I thought I would take a look at the pamphlet just to see what it was like. The result was that I got so interested that I read it through. It may interest you or Dad or someone else at home, so I send it along.

I am wondering how you + Aunt Fanny are getting along. Through all the ups + downs of life it is good to remember that it is only through many tribulations that one enters into the Kingdom of Heaven. To be a member of the Church, as Fr. Lord describes it in this little pamphlet, is a wonderful thing. Please give my love to Dad, Jim + Bob + to all the others, Tee, Ruth, Nettie + Fanny. Our weather here has been a little cooler lately with the papers predicting snow. There is snow on the mountains but none where we are.

With love,
John
