### Fume Hood Shutdown in Criss II and III

The previously mentioned shut down of the fume hoods and biosafety cabinets that are hooked up to the exhaust in Criss II and Criss III is taking place today. The hoods will be operational again tomorrow morning. Please note that the hoods will be shut down again approximately a week after the initial shutdown. Contact John Baxter at 546-6269 or [jt Baxter@creighton.edu](mailto:jt Baxter@creighton.edu) with any questions. Thank you for your patience while Facilities Management completes the work.
