Reminder: To return mis-ordered or defective products to PayLess, just call PayLess with the invoice number from the top right corner of the packing list to let them know what you are returning. Then call University Delivery or give it to University Delivery the next time they drop off a delivery to you. They in turn will give it to the PayLess driver when he brings Creighton’s orders in the morning. Be sure and include a copy of the packing list, noting the items you are returning and why, inside the box. If you forget to include this, it may delay any credit or you may not receive a credit at all since PayLess won’t know who sent the products back.
