GOD SEND GRACE.

My dear Jim;

Creighton

I've surely enjoyed your

last letter. The excerpt from St. Marks Bulletin is

interesting. Better late than never. I am thrilled over

The new Encyclical & predict it will do themendous

good as it sinks into the mind of the world. The N.Y.

Times printed it in full & I am sure it will be available

in pamphlet form soon, My leg trouble has nothing

to do with cramps, which I never get. It's the circulation that is defective due to arteriosclerosis. But I am feeling better, may be due to the coming of Spring. Yes we attend as a community all the liturgical services on Holy Thurs., Fr. & Sart. evenings - I participate from the sacristy where I can see & hear all, which makes it less fatiguing. Virginia is in Town, Kingsley is free, on parole & I have a dinner date with U. next Sat. please share all this with Lee & Ruth. The West Point Chapel has certainly been improved. Please thank Jo & John Hilger for their Easter greetings

Love to all

John
